Have A Merry December Everyone!

I hope everyone is enjoying this festive season and looking forward to Christmas. We are arranging for the children at a local Primary School to come and sing.

If you would like to arrange an activity to do with our activities team for this festive season, **we would be more than happy to try and arrange that for you. Please don't hesitate to ask 😊**

**THE STAFF WOULD LIKE TO
WISH A HAPPY BIRTHDAY TO:**

Sheila Westlake- 07/12

Mollie Cassidy- 27/12

Staff will assist with any cards and gifts you may like to send to your loved ones. All residents will have a birthday cake with candles that they can blow out. ***Please note that this cake is an imitation cake, and instead there is another cake which is eaten! This is part of our health and safety controls**

December Facts

December is the 12th month (and last month) in our modern-day Gregorian calendar (as it was in the preceding Julian calendar).

Decembers Birthstone: Turquoise

December Birth Flower: Narcissus & Holly

Astrology Zodiac Signs of December: Sagittarius
(November 22 – December 21) Capricorn (December 22
– January 19)

December got its name from the Latin word decem (meaning ten) because it was originally the tenth month of the year in the calendar of Romulus c. 750 BC which began in March. The winter days following December were not included as part of any month.

Back in Roman times, the calendar only had ten months and began with March!

Did you know that December is National Pear Month?

- Frank Hayes was hailed as the winner at a race at Belmont Park right outside New York City in 1923. However, there was a slight problem. Hayes suffered a heart attack and died in the middle of the race so the celebration wasn't exactly sweet.

- According to official Olympic records, the youngest athlete to win an Olympic medal was Greek gymnast Dimitrios Loundras, who finished third at the 1896 Olympic Games when he was 10 years old.

- At the base of every hair follicle are tiny fan-shaped muscles called Arrector pili. These muscles contract when the body is cold in an effort to warm the body up and cause a person's hair to "stand up straight" on their skin aka goosebumps.
